

SCRATCH
DJ ACADEMY®

Spin Art Stations

Scratch DJ Academy is the world's leading corporate DJ and music service provider. We specialize in providing the right talent and activation for the right event at the right price.

Scratch offers an amazing opportunity to get your team engaged in a hands-on, unique and memorable Spin Art activation. Spin Art is a highly addictive, easy-to-do activation whereby guests create their own piece of company-branded vinyl artwork, as it spins on our custom machine. The branded and painted vinyl LP will dry shortly thereafter and become one of their most fun and cherished takeaways.
