# HYGIENE KIT PROGRAM

Clean the World's **HYGIENE KIT PROGRAM** unites the fortunate with the less fortunate in one project. Companies, clubs, and service organizations host hygiene kit building events to give back, improve teamwork, and create a renewed focus on community.

Your group can host a hygiene kit building event (or purchase pre-assembled kits) and distribute kits to shelters, missions, disaster relief efforts, or a number of other places within your community. Distributing hygiene kits locally benefits your neighbors in need. We use recycled hygiene products diverted from landfills, which helps meet your organization's sustainability goals.

## Why participate in the Clean the World Hygiene Kit Program?

**PROVIDE HOPE.** Give much-needed hygiene products to people struggling to meet their family's basic needs.

**WORK TOGETHER.** The bond that's formed when people unite and support a cause will create benefits that reach beyond your initial event.

**RAISE AWARENESS.** Promote your event and distribution to local media, raising awareness of the cause you support.

**CHANGE LIVES.** By personally distributing the kits locally, you experience first-hand how something so simple can have a profound impact on someone's life.
